HUDSON VISION F&V

This elegant open multideck HUDSON VISION has an ergonomic design and provides perfect visibility, making products on display the main priority of visual impact. Its compact canopy lighting, panoramic sidewalls and cascade shelving (optional) guarantee perfect visibility from every angle. The optional specific construction of shelves with boxes provides the best way to display fruits and vegetables in a vertical approach. HUDSON VISION features wide-open display area and is also suitable for the preservation and display of prepacked meat, and delicacies.

Standard

- Sturdy construction suitable for huge loads
- Alternative depths and heights
- Plastic bumper
- Multiplexable device
- Canopy lighting
- Wide choice of colors for the exterior and interior (RAL palette)
- Electronic temperature controller with a digital display
- Energy-saving electronically commutated fans
- Polyurethane thermal insulation CFC free.

NOTE: We reserve the right to change or revise specifications and product design in connection with any feature of our products. Such changes do not entitle the buyer to corresponding changes, improvements, additions, or replacements for equipment previously sold or shipped.
