This is a refrigerated serve-over counter with an additional refrigerated storage capacity with doors from the back of the counter. With an enlarged display area, the RENO S/R offers ample space for the display of merchandise, also a wide range of accessories. It provides stable temperature performance and optimal storage environment for meats, poultry, dairy, and other products.

The harmonious and stylish design with smooth rounded glass underlines the attractiveness of products displayed and makes the RENO S/R an ideal solution for any store or food market.
