Introducing the Alaska DUO freezer bunker - the perfect blend of style and efficiency. With stunning front and double exposure, this bunker is a must have for any establishment looking to display better, save on energy and maintenance cost. It features a variable speed compressor for optimal performance and energy savings. The interior and exterior are constructed with high quality galvanized sheet metal, coated in PVC to meet food regulations. The entire cold circuit is made of copper, ensuring long lasting durability. The Alaska DUO boasts, LED lighting with automatic control, automatic defrosting, water evaporation and a maintenance free condenser and possibility of customization.
